## DISTRIBUTOR NOTICE

*Subject: Cable increase effective **Wednesday, Sept. 18th.***

The average cost of copper has been steadily rising over the past several weeks. With that said, we need to address this and issue an increase effective close of business Tuesday, September 17th. For specific details, please contact your local agent.

Please also be aware that we will be monitoring order intake and will not accept orders larger than your typical one week buying volume pattern.

For your convenience, this letter will be available on our website [www.kaf-tech.com](http://www.kaf-tech.com) under the NEWS tab.

Very truly yours,

***Richard Salvatore***
